PARENTS AND FRIENDS ATTEND COMMENCEMENT PROGRAM FOR 100 JEFFERSON HI STUDENTS

Principal Ferguson Presents Members Of Graduating Class

One hundred students were graduated from Jefferson Union High School, Wednesday of this week, at an impressive commencement program in the high school auditorium. A large number of parents and friends of the graduates were present for the program.

Student addresses were made by David Gaggero, Dorothy Lewis, Eleanor Baker, and Dale Hilts. The high school orchestra, under the direction of R. J. Stevens, and the a cappella chorus provided the musical selections for the evening. Principal James Ferguson presented the graduating class and Andrew Vireno and Mrs. Stella Jensen, members of the Board of Trustees, conferred the diplomas. Invocation and benediction were pronounced by Reverend H. D. Harkins and Reverend John Marchisio, respectively. Members of the Jefferson Union High School Honor Society and Junior scholars served as ushers.

MRS. STOCKTON FILLS OFFICE OF TREASURER

Council Instructs Attorney Of City To Prepare Bid Forms For New Well

Unanimously adopting a resolution, Monday evening of this week, the council appointed Mrs. Florence Stockton to fill the vacant city office left by her husband who passed away May 23. Mrs. Stockton will hold her appointive position as city treasurer till election time in April of next year.

The board authorized the city attorney to prepare bid forms for the proposed new city well to be put down on Citrus avenue. It is expected that a bid will be let and boring operations started in the immediate future.

Two hundred dollars was appropriated by the council to pay the salary of a physical education instructor who will supervise play at the Jefferson Union High School during vacation months.

COUNTIES HOLD JOINT MEETING ON COAST ROAD

Organizations And Citizens Hope Project Complete By 1939 Fair

The move to obtain completion of the Ocean Shore boulevard from San Francisco to Carmel in time for opening of the 1939 World's Fair took impetus this week following an enthusiastic get together session of San Mateo and Santa Cruz County leaders in Santa Cruz, Saturday of last week.

Two "follow-up" meetings to lay down a definite program for pressing construction of the remaining links of the Coast highway, particularly the Zanoni Hill and Tunitas-Pescadero sectors, are being arranged.

Saturday session at Santa Cruz was called by the joint committee

Building Boom In San Mateo County

The local home building program, which last year established a 10 year record, is gaining momentum, according to radio tribute paid the Peninsula by a Federal Housing Administration program Wednesday night of this week. The entire program of 15 minutes was devoted to San Mateo County and to local home building activity.

It was contended that since the FHA insured mortgage system was made available through approved private lending institutions little more than two years ago, it has helped 2475 San Mateo County families to home ownership with mortgages accepted for insurance in the amount of $12,618,342.

That both building activity and use of insured mortgage financing are increasing in consistent and substantial strides is shown by the fact that mortgages on peninsula homes accepted for insurance in the first four months of this year were greater than during the first six months of 1936, and double the volume for the entire year of 1935.

COUNTY TRAFFIC SAFETY GROUP SET FIVE GOALS

Committee Held First Meet Late Last Week At San Mateo

Vowing that in rigid law enforcement lies their major objective, the newly formed San Mateo County Traffic Safety Commission held an initial organization meeting at San Mateo, Friday afternoon of last week, at which they mapped five goals for a program designed to stem the tide of death and injury on peninsula highways.

The five aims of the commissioners were outlined as follows:

1. Prevent loss of life.
2. Prevent broken bones and crushed bodies.
3. Prevent mental and financial distress, inflicted upon innocent persons involved in automobile accidents.
4. Accomplish the adoption and enforcement of improved methods of protection to the public from the reckless drivers of automobiles.
5. Cause the arrest and conviction of every person breaking the traffic laws in San Mateo County.

The commissioners set June 24 at 3 p. m. as time for their next session.

ANNOUNCE COMPLETE PROGRAM OF DALY CITY BAND CONCERT TO BE PRESENTED ON JULY 17

Group Desirous Of Raising Fund To Purchase New Music

The conductor of the Daly City Band has announced a complete program for the concert to be presented for this community, July 17, at the Jefferson Union High School auditorium. The Daly City Merchants Association is sponsoring the band concert, which is expected to be one of the musical highlights of the summer.

The band, desirious of raising funds for the purchase of music, hopes to realize considerable revenue from advertising to be sold in the concert program. The concert itself will be free to the public.

BAND BACKGROUND

The present Daly City Band was organized in 1929 by the Colma Vista Grande Aerie Fraternal Order of Eagles. There were only seven members. Within a two year period the band had grown to the point where it seemed advisable to turn the organization over to the sponsorship of the community. This was done.

In the past few years the Daly City band has appeared at numerous important events in this community, San Francisco, and other cities in San Mateo County.

Band membership now totals approximately 35. Many of these men have played with leading bands in the West. It is the aim of the organization to make the Daly City group one of the finest bands on the Pacific Coast.

PERSONNEL

The personnel of the band, directed by George E. Brenner, is composed of: trumpets, Harry Melicker, Alfred Winters, John Yohanan, Thomas Beeson, Benjamin Strong, E. Enderlin; clarinets, V. Guida, E. Erbain, R. Roccucci, Joe Mather, Fred

Vacancies In Marine Corps For Musicians

There are vacancies in the United States Marine Corps for desirable applicants for general service and qualified musicians for band duty between the ages of 18 and 30 years and 64 to 74 inches in height, according to announcement made by the postmaster at Daly City.

Applicants for band duty are transferred to the Marine Corps Base at San Diego, California for recruit training, where they are assigned to a band school for a course in musical instruction, after which they are transferred to fill vacancies in the various post bands abroad and in the United States. All musicians, when assigned to duty with a band, are promoted to Private First Class and receive Specialist's pay, so the pay of the lowest paid musician is $33.00 per month, of course, in addition they are furnished food, clothing, medical and dental attention.

Applicants who desire to be accepted for band duty are required to furnish reference letters from a bandmaster or musical instructor attesting to their musical ability.

CITIZENS WILL VOTE TUESDAY ON AMENDMENTS

Propose To Elect Executive, Tax Collector, Treasurer, Coroner, Engineer and Recorder

San Mateo County citizens will vote, Tuesday of next week, on a proposed charter amendment which will change the offices of county executive, tax collector, treasurer, coroner, engineer and recorder from an appointive status to an elective one.

To declare their attitude toward the proposed charter changes the Board of Supervisors passed a resolution, Wednesday of this week, which stated in part:

1. That if the amendment to make the manager and five other officers elective carries, it will "wreck the charter" because the county executive "is the keystone of the arch of the county charter."

2. That to make the county engineer elective would give him unrestricted use of $300,000 in gasoline tax funds to "spend that money where it would give him the most votes."

3. That the amendment would "be a source of unending litigation and result in the worst and most unworkable form of county government to be found in the State of California."

4. That an "elective executive is a contradiction in terms."

5. That the "idea of charter government is sound and practicable" and that "before the charter, county government, so-called, was not county self government at all, but simply state government of counties," with

Drive For County Office Building

County officials and Democratic leaders this week staged a last intensive move to secure action on the application for federal funds for the proposed $200,000 county office building.

During the past few days telegrams have been sent by the Board of Supervisors and prominent citizens to Washington, D. C., in behalf of the project.

Senators and congressmen were urged to use their influence to secure speedy action on the county application for a 45 per cent grant for the building.

The county already has raised $50,000 for the building and has made provision for another $50,000 during the 1937-38 fiscal year. It was announced that if no federal funds are available, another $50,000 will be raised by the county and construction of a building started as soon as possible.

COUNCIL APPROVES EXCAVATION OF CURBS ON WEST OF MISSION TO ESTABLISH UNIFORM LINES

New Electrolier System Is Key Project Of Proposed Improvement Program

State gas tax money may be used to construct new curbs and gutters along the west side of Mission street from the county line to San Pedro avenue, it was announced by City Engineer Klassen at the council meeting on Monday evening of this week, if Daly City would stand the cost of:

1. Excavating the old curbs and gutters.
2. Building the sdiewalks out to the proposed new uniform line which is approximately two feet toward the middle of the highway from the present line.
3. Installing a new electrolier lighting system along Mission street.

CITY COSTS

To tear out the old curbs and gutters and build sidewalk areas out to the new lines will cost Daly City approximately $25,000. The proposed lighting improvement will cost $28,000. Approximately $10,000 of gas tax money will be available to construct new curbs and gutters.

The council, Monday evening, approved the Daly City share of ex-

SHEER WASTE OF $20,000 PUBLIC MONEY

Proposition No. 1		
Shall the proposed Charter Amendments to the San Mateo County Charter as petitioned therefor making elective the appointive positions of County Executive, Coroner, Engineer, Recorder, Tax Collector and Treasurer, etc. be adopted?	YES	
	NO	X

Proposition No. 2		
Shall the proposed alternative providing for the appointment of County Executive by the Board of Supervisors be adopted?	YES	X
	NO	

To Voters and Tax Payers

A special election has been called for Tuesday, June 22, on the proposal to make elective the following County Officers now appointive under the Charter:

County Executive — **Coroner**
Tax Collector — **Treasurer**
Engineer — **Recorder**

The Civic League opposed calling this election because we believe that the cost of the election is SHEER WASTE. The County Clerk estimates the cost at over $20,000.00. The taxpayers will pay approximately $2.00 for every thousand dollars of assessed valuation for this special election.

WHY IT IS WASTE

BECAUSE:—(a) Even if Proposition No. 1 carries, there can be no change in the County Government until the Legislature ratifies the Amendment. The NEXT SESSION OF THE LEGISLATURE WILL BE HELD IN 1939. Thus no office could be filled by regular election until 1942. Decision of the questions to be voted on, June 22, could have been delayed until the November 1938 General Election, at no additional cost.

(b) Even if carried and ratified, you may be put to the expense of another special primary election, followed by another special election—depending on the judgment of the Courts. The cost will admittedly be more than the amount spent on this June 22 election—more than $2.00 ADDITIONAL on each $1000 on your assessment.

ADOPTION OF CHARTER

The Charter was adopted by the voters November 8, 1932, by a vote of 16,541 to 8592. We believe that it has never had a fair chance.

QUALIFICATIONS OF EXECUTIVE

The Charter now states plainly that the County Executive shall be a person of demonstrated ability, having had experience in responsible important executive capacity and shall be selected and appointed solely on the basis of executive and administrative qualification.

The only qualification proposed by Proposition 1 is that the Executive shall be a legal resident of San Mateo County. It is evidently not considered necessary that he shall have any ability, except as a vote-getter.

Citizens at the last general election voiced their dissatisfaction with the old regime by voting out the former majority bloc of the Board of Supervisors, and by replacing them with men in whom they have reposed confidence and trust. The present Supervisors should have a reasonable period of time in which to bring order out of the chaos, that existed prior to January 7, 1937. What we believe to be an honest, intelligent and capable effort is being made by the present Board to give San Mateo County a respectable business administration. We believe that the Board and the County Executive can demonstrate that the Charter is a workable document, until such time as actual experience in capable hands indicates necessity for amending it. At least it merits a fair trial.

Please bear in mind that the operation of the County's affairs is business, pure and simple. County business should not be made a political football.

COULD BE INTELLIGENTLY AMENDED

The object of the Civic League, as stated in its Articles of Association, is: "To foster and promote by all lawful means the Civic Interests and Well-Being of the People of San Mateo County."

As President of the Civic League, and as a voter and taxpayer, it is my firm conviction that the Charter may need some reasonable and intelligent revising through Amendments thereto.

This should be done in an orderly, calm and inexpensive manner by an impartial and intelligent study group, and then placed before the electorate at a regular election.

Piecemeal tinkering does not deserve support for the reasons stated thus far.

What this county needs is more facts and less hap-hazard opinions—more light and less heat.

I am going to vote "NO" on Proposition No. 1, and "YES" on Proposition No. 2.

After considering this, you do what you think best for the welfare of the County, and the resultant savings in dollars and cents to you.

Respectfully yours,
MATTHEW A. HARRIS,
President Civic League of San Mateo County.

THE TAXPAYERS SHOULD SHOW INTEREST ENOUGH TO VOTE ON THIS VERY IMPORTANT MATTER . YOUR DECISION WILL DECIDE THE FUTURE CHARACTER OF YOUR COUNTY GOVERNMENT

HOT WATER

at any hour... day or night

THIS is no time to neglect thrift. It is no time to waste money. You do neither when you heat water by means of an Automatic Gas Water Heater. After all, it is just plain arithmetic, being proved in thousands of California homes, that you spend to save when you have an Automatic installed in your home. Consider this: If you are using a water heater that has to be lighted with a match, and you also resort to a tea kettle of hot water, every gallon so heated costs twice as much as it would if hot water were always on tap from the insulated tank of an Automatic.

You should also investigate this form of saving in your home. You should take advantage of the low prices of these truly modern Automatic Water Heaters. Prices have never been so low, and right now special easy-to-purchase terms are in effect.

See a representative of this company today or consult your local gas appliance dealer. An Automatic can be purchased for as little as Three Dollars a Month. Act now on this thrift-wise suggestion.

awards. Mrs. Mary Crane of the American Legion Auxiliary awarded a crisp $5 bill to Warren Nelson of the Woodrow Wilson Elementary School for having attained the highest scholastic record in the entire district.

The Crocker, Jefferson and Woodrow Wilson P. T. A. groups presented scholarship awards to the highest student in each of their respective schools. Jefferson P. T. A. presented a ring to Bruce Brown, Crocker P. T. A. a ring to George Wallace and Woodrow Wilson P. T. A. a ring to Edward McIntosh, who attained the second highest record in his school.

LEGION AWARDS

Commander Anderson of the American Legion Post No. 410 awarded a medal to the boy and girl from each school who were selected for having outstanding traits in honor, leadership, scholarship, courage and service. Those receiving the medals were: Dominica Accinelli and Ralph Matteucci, Jefferson; Miriam Montgomery and William Clement, Crocker; and Nadine O'Brien and John Schauer of Woodrow Wilson.

IGNITION CONTACTS

Defective ignition contact points often are a cause of motor failure.

The points should be flat and make good contact with each other, indicated by a frosty color on the entire surface. Rough points can be temporarily smoothed with a fine file. For satisfactory service the platinum surfaces should be polished on a fine oil stone. This should be done only by an experienced mechanic.

Aid 2475 Families To Home Ownership

Since the Federal Housing Administration insured mortgage system was made available through approved private lending institutions a little more than two years ago, 2475 San Mateo County families have been helped to home ownership with mortgages accepted for insurance in the amount of $12,618,342.

That both building activity and use of insured mortgage financing are increasing in consistent and substantial strides is shown by the fact that mortgages on peninsula homes accepted for insurance in the first four months of this year were greater than during the first six months of 1936 and double the volume for the entire year of 1935.

In the latter year, when the FHA plan first was presented, 333 families in San Mateo County availed themselves of the "pay yourself rent" system of purchasing homes and secured mortgages amounting to $1,717,682. Last year, when home building soared to new heights, 1510 mortgages were accepted for insurance for a total of $7,705,500. During the first four months of this year the number leaped to 632, involving insured loans of $3,195,100.

That the building of new homes is responsible for the increased use of the FHA insured mortgage system, rather than the refinancing of existing structures, is attested by the fact that more than half of the mortgages accepted for insurance from the peninsula were said to represent new construction.

Practically every community in the county has shared in the benefits of insured mortgage financing, it was stated, and homes already constructed under the FHA plan created 1,800,000 man hours of employed for local building trades craftsmen, for which they received almost $4,000,000 in wages. The homes financed under this plan provided modern living accommodations for 13,000 people.

Going With The Dogs

People who are continually grousing about the country going to the dogs should take a look into the records of the American Kennel Club. These have been construed to indicate that the good old U. S. A. is not going to the dogs, but "with the dogs" along Recovery Road. A boom in registrations of purebred canines, from 66,000 in eleven months of 1935 to 77,000 in the same period last year, is interpreted as a sign of returning prosperity. Since there are more dog lovers than economists at large, it is perhaps of greater general interest that the Boston terrier, most popular American breed for several consecutive years, has lost this title to the cocker spaniel. The Boston, with his characteristic tenacity, hangs on in second place.

Soak Motorist Bills Fail In Legislature

All of the various proposals which were opposed by organized motorists as a soak the motorist program were defeated at the recent session of the Legislature. At adjournment of the Legislature the principal measures opposed by the motorists bureaus had been disposed of as follows:

Requiring compulsory semi-annual inspection of automobiles for a fee at official state stations; returned to committee at the request of sponsors and efforts for its adoption abandoned. Other similar measures were held in committee at the request of their authors.

Requiring fingerprinting of motorists; held in committee.

Requiring payment of registration fees by visiting motor tourists; amended to eliminate that feature, retaining only minor technical changes in present regulations and not affecting the existing privilege accorded visitors of driving with home plates.

Providing for return of speed traps; held in committee.

Requiring chauffeurs' licenses for all persons driving commercial vehicles, exacting payment of fees by many persons not actually chauffeurs; tabled in committee.

In addition to these measures a number of other proposals that would have adversely affected motorists were successfully opposed. These included the usual flood of measures seeking to compel the use of various patented devices on cars.

There were also a number of unsuccessful proposals designed to permit use of gasoline tax money for non highway purposes. Meanwhile the Legislature approved, for submission to the voters, a constitutional amendment prepared by automobile clubs to end permanently all threats of gasoline tax raids.

Three Killed In S. California Plane Crash

A pilot and two passengers were killed and lives of residents imperiled when an old-type biplane crashed recently near San Marino, Cal. The victims were Fred Lobb, 29, of Pasadena; Frank Bannister, 30, of Monterey Park, and E. M. Patrick, 23, of Alhambra. The crash came shortly after they had taken off from Alhambra Airport on a joy ride. Photo shows wreckage resulting from the spectacular plunge.

A KILLING LAUGH

A spectator at a baseball game, Richard Kaninau, 45, of Honolulu, literally laughed himself to death this week at an error made by a player, doctors pronounced after an examination to determine cause of death. Hearty, heavy laughter induced the heart attack to which he succumbed.

OIL AFFECTS PLUGS

Lubricating oil of poor quality, or worn piston rings which permit the oil to pass too freely into the cylinder head, often cause spark plugs to misfire, according to the Emergency Road Service of the California State Automobile Association. The plugs become fouled by excessive carbon deposits, or soot is deposited on the porcelain insulation, causing a short circuit.

ANGLING IMPROVING

Fishing is improving rapidly in Humboldt County. Water is normal and several limits have been taken recently.

Notice Of Sale By Commissioner on Foreclosure

No. 26934—Dept. 2

THAT EVENING DRIVE

These warm days of summer in California will cause hundreds of thousands of motorists to seek the refreshing coolness of evening driving on the highways.

Let us hope too many do not find, instead, the terrible tragedy of injury and death.

We can do more than hope. We can remember, before starting out, a few very pointed facts about California motor accidents disclosed in the statistical studies of the California Highway Patrol.

One is that speed is the greatest single contributor to the toll of some 2500 deaths each year. Another is that the carefree, expansive feeling accompanying pleasure driving in the cool evening makes for carelessness at the wheel. A third is that most California accidents occur on good roads, during clear weather, and involve a violation of the law.

Unfortunately, also, we must be on the lookout for the confirmed moron who consistently flouts caution. After all, injury or death at his hands can never be compensated by proving his guilt.

The time to remember these things is, of course, before starting off on the evening drive, and during it. After you're hit, it's too late.

HE IS THE MAN

He is the man who gets out of a comfortable bed to close the windows, let the dog out of the house and turn on the heat.

He is the man who runs to work because he was third in line at his bathroom shaving mirror.

He is the man who can never find the page he wants of his favorite newspaper.

He is the man who stays up past his regular bedtime to wrestle with elementary algebra problems.

He is the man to whom all those first of the month, peek-aboo envelopes are addressed.

He is the American father. On Fathers Day, June 20, if he is short on neckties and has handkerchiefs to burn, he'll get handkerchiefs; if neckties already choke his hangers, he'll get a couple more neckties.

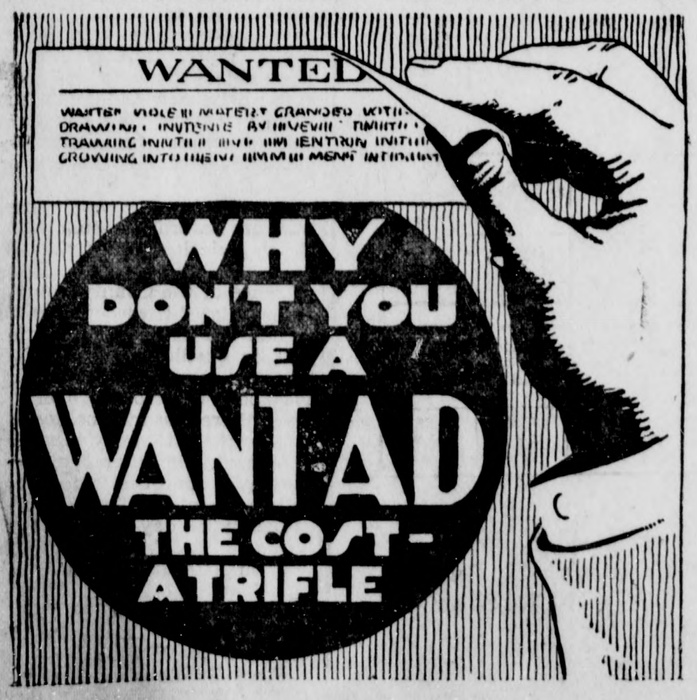
He suspects the occasion was first conceived in the mind of a necktie salesman, but we suspect that Fathers Day gives him a warm glow anyway.

SCHOOLS OF TOMORROW

As school children romp carefree through these summer vacation days, a long classroom grind is starting again for great numbers of their teachers. Under California's educational system, these teachers will return to university and college halls for the summer term, to learn what's new in education.

The chances are they will resume their lower school posts next fall with some instruction innovation, wherewith to delight and rekindle the interest of their pupils. Since the days of the little red schoolhouse, education's advance has been far and swift, with California consistently maintaining her position in the van. No matter how up to date our schoolrooms may be at the fall reopening, the present student generation's children will look back on them as something quaintly primitive.

In the school of the future movies, radio and perhaps even television will replace textbooks in studies of the arts, history, geography, science and on through the entire curriculum. It's hard to imagine movie or radio instruction in arithmetic, but man's ingenuity surely will find the method.



Lesson Sermon Of Christian Science

"Is the Universe, including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon Sunday, June 20, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "Behold, the heaven and the heaven of heavens is the Lord's thy God, the earth also, with all that therein is" (Deut. 10: 14). Other Bible citations will include: "For thus saith the Lord that created the heavens; God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord; and there is none else" (Isa. 45: 18).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Eternal things (verities) are 'God's thoughts as they exist in the spiritual realm of the real. Temporal things are the thoughts of mortals and are the unreal, being the opposite of the real or the spiritual and eternal" (p. 337).

Presentations Are Made At Meeting

The regular meeting of the San Mateo County Council was held in Palo Alto, Thursday evening of last week. During the evening Department Officer Claire Lynch presented jewels to Mrs. Eunice Agustus of San Mateo, Mrs. Alta Blesh of San Jose and Mrs. Ethel Dorn of Daly City, past presidents of the council.

Among the local members who attended were Mr. and Mrs. R. Brulez, Mr. and Mrs. O. Jensen, Mina Hazelhurst and Ethel Dorn.

May Seek Estimate On Jaysee Unit

The building committee of the San Mateo Junior College Board, at a meeting this week, authorized Harry Thompson, Burlingame architect, to secure estimates on the proposed science building, first unit of the new junior college plant.

Based on three types of steel and reinforced concrete construction, the estimates will furnish the board with definite information as to whether sufficient money will be available to call for bids in the immediate future. The board will have approximately $100,000 available for the building at the end of the school year.

The estimates are expected to be received by the board before July 1.

Gilroy Invites All To Big Roundup

Gilroy's eighth annual roundup and Gymkhana will get off to a rip-roaring start tonight, June 18, when the first of two big cowboy dances will be held. The Gymkhana queen will be selected on this night. On Saturday night the dance will be repeated.

More than 1000 horsemen have been personally invited to ride in the Gymkhana parades. For the past seven years Gilroy's show has been preceded by some of the most beautiful horse parades ever seen.

This year's parade promises to be even larger than in former years and will be a fitting forerunner to the thrilling and spectacular rodeo which follows at Wheeler Field.

With an interesting and diversified program starting at 2 p. m., the spectators are assured two afternoons of excitement and pleasure on June 19 and 20.

Tourist Entry Is Eased Into Canada

Canada welcomes the motor tourist with a minimum of border regulations and delay, states the touring department of the National Automobile Club. You simply report to the Canadian Immigration and Customs officers at the port of entry, answer some questions, present your state registration certificate and obtain a permit for your car and personal belongings. Ordinarily, this takes but a few minutes.

The usual permit period is 60 days; however, an extension may be obtained without bond or deposit, for a period not exceeding six months from the date of admission. No passports are required, but identification papers facilitate entry. Naturalized citizens of the United States must present their certificates of naturalization, and residents of the United States who are not citizens should be prepared to present proof of their legal entry into this country.

SOLONS PRESS ON TO EPOCHAL LEGISLATION

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Congress has many problems on its hands before adjournment. One of the most important is consideration of the wage and hour bill instituting federal control of basic labor standards. Something must be done, too, in the way of tax legislation, including investigation of wealthy tax dodgers, and closing of income tax loopholes.

Not so long ago Robert H. Jackson, Assistant Attorney General, testified before a joint Congressional Committee that in his opinion the President's measure on wages and hours is constitutional.

That is cheering news for millions of people who earn their living by doing various kinds of work and have incomes far short of lucrative.

The idea is to give a federal agency power to fix minimum wages and maximum hours. One of the principal objectives is the total abolition of child labor. The President is hopeful of having the highly controversial subject disposed of at the present session.

* * *

The tax dodger message of President Roosevelt is looked upon by experts as merely the preliminary step in a broad program to rehabilitate completely the system of corporation tax collection and kindred matters.

Quite a number of students have expressed the opinion that it will be impossible to fill all the gaps of avoidance of payment of taxes by the wealthy as long as income taxes are as high as 75 per cent. Many of the men in the high income brackets feel such taxation is unjust.

First of all it is said to be the aim of the government to go to court to collect from shirkers using palpably illegal methods of avoidance. The device of employing purported borrowing from foreign insurance companies is declared on all sides to be contrary to law.

Ferdinand Pecora found out when investigating financial practices that foreign personal holding companies and domestic personal holding companies were often formed in order to avoid the payment of taxes.

As the President has pointed out, the 10 per cent withholding rate on American income paid to non-resident foreigners appears to be too low. It may be the rate will be raised, or that, as before 1936, the non-resident foreigners will have to file an income tax return with Uncle Sam.

* * *

There is a growing sentiment in favor of a system by which corporations will withhold a percentage of dividends paid to stockholders and pay direct the sums collected to the United States Treasury.

The system is used in England and is said to work to a charm. The details involved in the scheme will take much time to develop, according to men conversant with taxation affairs.

It is known that at the next session of Congress the Treasury will make recommendations in regard to the undistributed surplus tax, excise taxes and income taxes. It is expected a start will be made in the right direction at this session.

The Community Welfare Association will hold a whist party at Little Italy Hall, Thursday evening of next week.

STUFFED CABBAGE LEAVES

Russian Dish.

(From Mrs. G. Augustien)

1 head cabbage, 1 pound hamburger, 1 onion diced very small or grated, 1 carrot diced very small or grated, 1-3 cup uncooked rice, 1 can hot sauce, 1 can mushroom gravy, 1½ cups water, 1 can sliced button mushrooms. Season with salt and pepper.

Boil cabbage (whole), only long enough to wilt it, about 5 minutes. Mix hamburger, onion, carrot, uncooked rice, ½ can tomato sauce and seasoning together. Trim away heavy part of cabbage leaves. Make meat mixture into 9 patties, then place each patty on half of cabbage leaf and fold over. Fry both sides brown and place in casserole or baking dish. Cover with remaining tomato sauce, mushrooms, mushroom gravy and water. Bake slowly for 1½ hours. Serve hot.

VIKING BOATS

A Norwegian Dish.

(From the Farmer's Wife)

1 can sardines, 4 green peppers, 1 cup soft bread crumbs, ½ can tomato juice, 2 teaspoons Worcestershire sauce, 1 teaspoon salt, 2 tablespoons catsup.

Cut peppers in half lengthwise. Remove seeds and cook in rapidly boiling water about 20 minutes. Drain and arrange halves in a greased baking pan. Mash sardines with sauce. Add crumbs, which have been moistened with tomato juice. Add seasonings and mix thoroughly. Fill pepper halves with mixture and bake in a moderate oven (350 degrees F.) about ½ hour. This recipe makes four portions.

ICE BOX COOKIES

(From Mrs. E. Peterson)

1 pound butterine, 1 cup white sugar, 1 cup brown sugar, 3 eggs, 2 teaspoons soda, 5½ cups flour, 1 cup chopped almonds, pinch of salt.

Mix altogether, make rolls about 1½ inches thick. Roll in wax paper and leave in ice box or cooler over night.

Slice with sharp knife very thin. It isn't necessary to bake them all at one time, as the dough will keep fresh for several days.

Announce Program For Grace Church

Pastor Lewis of the Grace Church of the Nazarene has announced the following program of devotional and social meetings for the coming week:

Sunday school will meet at the regular hour, 9:45 a. m.; classes for all ages.

The Church in Worship, 11 a. m.; the pastor will preach on the subject, "Qualifications of a Great Father." Sunday is Fathers' Day.

The Church in Training, 6:45 p. m.; the N. Y. P. S. will meet for their regular devotional and study period.

The Church in Action, Evangelist services, 7:45 p. m.; subject, "What the Lord Is to His Children."

Midweek services, prayer meeting, 7:45 o'clock Wednesday evening.

Choir practice, Friday at 7 p. m.

The Scouts will meet at their regular hour Thursday, Friday and Saturday nights.

A cordial invitation is extended to all to attend these services.

Hold House Warming For Reverend Lewis

Members and friends of the Grace Church af the Nazarene held a house warming party for their new pastor, Rev. N. M. Lewis, recently.

Rev. and Mrs. Lewis celebrated their wedding anniversary and the church group thought it a fitting time to tender them a house warming. Many groceries and a lovely cake, decorated in white and red, were presented to the couple.

Games were played and refreshments served to guests.

DERBY WINNER COMES FROM GREAT FAMILY

By J. W. MARCHBANK

Blood will tell. Three year olds of the Hampton line have been sweeping everything before them in England. Not only did Mid-day Sun score in the Epson Derby but Exhibitionist proved the best in the classics for fillies. Both are by the Ascot Cup winner, Solario, a direct descendant on the top line of Hampton.

In this country the Hampton line is known principally through the achievements of the Silver State Stable's Top Row, a horse on the small order, somewhat similarly to the Kentucky Derby winner War Admiral. Top Row comes down from Hampton through different ancestors from Solario. His sire, the doughty Peanuts, is a son of imported Ambassador IV and a grandson of Dark Ronald. Dark Ronald and Bayarde, grandsire of Solaris, are sons of Bay Ronald. It will be recalled Bay Ronald is a son of Hampton.

Out this way the strain is most familiar through the races of the Northway Stable's Fair Lead, a favorite with Tanforan fans. Fair Lead, a gelding, is a grandson of Brown Prince II, a full brother to Ambassador IV.

One thing worth noting is that Mid-day Sun was NOT a precocious two year old. He was at the races quite a number of times last year but was first in only one event. Yet one more instance of a colt not really showing his true worth until the distances are lengthened out, say to one mile and a half, the Derby route.

Another thing. Solario, sire of the Derby winner, was second on the winning sires' list of England last year, being topped by Fairway, of the Ben d'Or line. Mid-day Sun has similar blood in his veins to Fairway. Mid-day Sun's dam, Bridge of Allan, is by Fairway's sire, Phalaris.

No one can say the Ben d'Or line is not going strong in this country as in England. Some detractors opine the line is wearing out but I see no indications of its collapse. Sickle was the leading American stallion last year and everyone is aware of the nursery achievements of Sir Gallahad III and his son Gallant Fox.

EMPLOYERS TO COMPLY WITH SECURITY ACT

Northern California employers are urged by the San Francisco manager of the Social Security Board, to arrange their records immediately to comply with requirements of the Social Security Act.

Every employer in commerce, industry or professional service having one or more employes, regardless of whether the employe works on a temporary, part-time or permanent basis, will be required to file an information return with the collector of internal revenue in July.

No special form of bookkeeping is required but the employer's records must show the social security account number of each person under 65 years of age whom he has employed at any time since January 1, 1937. Wages or salaries paid to each employe between January 1 and June 30, inclusive, must also appear on the employer's records.

An employer who lacks an employe's account number should file an application form (SS-5) with the local post office giving sufficient information to identify the employe beyond reasonable doubt. The post office will check the application with its file and if the employe has been issued a social security account, the number will be forwarded to the employer to complete his records.

Employes were also urged to report their social security account numbers to employers promptly if they have not done so. If an employe believes that any employer for whom he worked since January 1 does not have his social security account number, he should get in touch with the employer and give him the information.

The San Francisco office of the Social Security Board is located at 402 Humboldt Bank Building.

COUNTIES HOLD JOINT MEETING ON COAST ROAD

Organizations And Citizens Hope Project Complete By 1939 Fair

(Continued from Page 1)

representing the Western San Mateo County Progressive Association, the Santa Cruz Chamber of Commerce and civic clubs and associations.

S. F. ASKED TO HELP

It adopted a resolution that the committee "contact all representative bodies of San Mateo, Santa Cruz and San Francisco Counties to secure their united support for the completion of Ocean Shore boulevard from Carmel to San Francisco by 1939," and to ask delegates to attend future meetings to further this program.

Coastside organizations represented were Sharp Park Improvement Association, Western San Mateo County Progressive Association, Half Moon Bay Lions Club, Pescadero Junior Chamber of Commerce, Pigeon Point P. T. A., Pescadero P. T. A. and the Coastside Chamber of Commerce.

APPROPRIATION

Money has been appropriated by the state for the Zanoni Hill sector and the contract should be let this fall. The Pedro Point unit is nearing completion, with acceptance by the state tentatively set for August.

TWO UNITS IMPORTANT

It was brought out that the Tunitas-Pescadero unit in the south end of the county, not yet surveyed by the state, will cost approximately $300,000. Construction of this sector, joining the Zanoni Hill unit, by 1939, is the main objective of the coastside leaders.

The leaders asserted that the state actually has spent only $35,000 of gas tax money on three projects of vital importance to the coast, namely the San Joaquin-to-the-sea link, the Thornton-Edgemar link of the Ocean Shore boulevard and the San Pedro Mountain work. The major contributions were made by the federal government.

Thornton-Edgemar link cost $109,000, with the government contributing $104,000. Federal road appropriations to California financed nearly all of the $373,000 Pedro Point job. Of the $178,000 spent on the new Skyline-Half Moon Bay highway, the government's appropriation was $157,000. These figures do not include funds appropriated by Joint Highway District No. 9.

They will be used as a "selling point" in the program to obtain allocation of state funds for the next links of the highway.

Daly City Ramblers Win Game 18-4

The hitting and scoring of John Compagno and Quilici who made four trips each to the plate, collected three hits each and scored three runs each was one of the outstanding features of the ball game between the Daly City Ramblers and the Lancers, Sunday of this week.

Daly City won 20 to 4.

DISTINGUISHED VISITORS

An informal reception for Mr. and Mrs. H. A. Wilkinson of Baltimore, Md., was given by Mr. and Mrs. Fred R. Linser of Irvington street on Thursday evening of last week.

Among the distinguished guests were Mr. and Mrs. Dick Donovan of Richmond, Va.; Mr. and Mrs. Chester Lightsey of Washington, D. C.; M. T. Coogan of Los Angeles and Mrs. Georgia O'Leary of Washington, D. C.

Dr. and Mrs. Wilkinson left Friday for a tour of the Northwest, after which they will return to Maryland.

San Francisco's World Fair in 1939 will use "black light" for highlighting exhibit murals. "Black light" is that light on the other side of ultra-violet and is invisible to the naked eye.

Not So Quiet Says This Sleepy Guest

Macbeth, who, Shakespeare wrote, "doth murder sleep," was a rank amateur. He should have been in front of the Hotel Virginia, 312 Mason street, shortly after dawn one day this week.

The slumber slaying started when Ralph Bacelli, Colma, parked his scavenger truck in front of the hotel and began gathering garbage cans. He was getting along famously when a window went up and somebody doused him with a bucket of icy water.

Mr. Bacelli uttered a frozen scream of rage. Thereupon Paul Schons, 28, a guest, appeared at a window and criticized Mr. Bacelli for creating such a disturbance.

That was too much. Mr. Bacelli seized a grapefruit rind and hurled it at Mr. Schons' head. Mr. Schons retrieved the rind and threw it back at Mr. Bacelli.

The battle was in full swing when Officer Andrew Lennon arrived. With Mr. Bacelli, he marched to Mr. Schons' room. Officer Lennon accused Mr. Schons of dumping the water on Mr. Bacelli. Mr. Schons denied it.

Words led to blows.

Officer Lennon's whistle shrilled desperately, awakening the few remaining guests who'd slept through the previous uproar. Officer Michael Carmody arrived and Mr. Schons went down under a tangle of two policemen and one scavenger.

At City Prison Mr. Schons was charged with assault with a deadly weapon, his foot, assault to do great bodily harm, malicious mischief and resisting an officer.

"I don't care what they accuse me of, just so they let me sleep," groaned Mr. Schons, flinging himself down on his cell bunk.

Beneficial Showers Fall In Bay Area

Rain showers which the county agricultural commissioner described as "distinctly beneficial" fell in San Mateo County this week as the entire bay region was drenched in unseasonably heavy downpours.

The storm extended from the Oregon line to the bay region on the coast, but did not reach the interior of California.

Only good was done to San Mateo County vegetable crops by the rain, no damage being reported.

WEAK CONDENSER

A weak condenser will cause irregular ignition and also tend to increase burning or pitting of the contact points.

CITIZENS WILL VOTE TUESDAY ON AMENDMENTS

Propose To Elect Executive, Tax Collector, Treasurer, Coroner, Engineer and Recorder

(Continued from page 1)

the county being "governed from Sacramento."

6. That to make the county manager elective "would destroy centralized authority and responsibility."

The board recommended a thorough study of the charter, its workability and possible improvement before any changes be made in it.

The Daly City Welfare Association has gone on record as favoring the proposed current amendment.

A second proposition will appear on the ballot Tuseday which provides that the county executive still be appointed by the Board of Supervisors should the first proposition carry.

Daughter Of Willits Residents Is Wed

Mary Ann Donleavy, daughter of Mr. and Mrs. J. W. Donleavy of Willits street and John Gorman were married, Saturday afternoon of last week, at the home of Mrs. Fensterbush, the sister of the groom, on Willits street.

In the evening a reception was given in honor of Mr. and Mrs. Gorman, who will make their home on Mission street in San Francisco after a short honeymoon.

Federal Concert Band At Alcazar

On Monday of next week, at the Alcazar Theater, the Concert Band of the Federal Music Project under the direction of Frederick Preston Search will present the evening program.

Search, who is cellist, composer and conductor is well known to San Francisco music circles. For the past seventeen months the concert band under his direction has entertained thousands of people during the noon hour at public spots.

Colma News Notes

A group consisting of Americo Valarino, Fred Balietto and Alasandro Chiappari motored to Livermore, Sunday of this week, where they attended the annual rodeo.

Children of the kindergarten class of Jefferson Grammar School enjoyed an outing, Tuesday of this week, at Fleishackers. They were escorted by their teacher, Miss Irene Smith, and a group of mothers.

Vernon Church, 8 year old son of Mr. and Mrs. C. L. Church of Knowles avenue, was treated at the Junipero Serra Hospital, Friday of last week, for a severely lacerated scalp received when he dashed into a fence while playing ball with playmates. The wound was sutured by Dr. Drees, after which the lad returned to his home.

V. A. Epidendio of Colma suffered a hand injury, Wednesday morning of this week, while repairing a pump. He was treated at the Junipero Serra Hospital and later returned to his home.

Mr. and Mrs. Ed Saliou and daughter Eleanor of Station avenue motored to Livermore, Sunday of this week, where they attended the rodeo.

A son was born recently in San Francisco to Mr. and Mrs. Giovanni D. Pessagno of Colma.

Leola Branscum of Mission street will become the bride of Jerry Eisner of San Francisco at a quiet wedding ceremony to be held, Saturday morning of this week, in San Francisco.

Miss Ruth Greene of Bryant street, accompanied by Johnny Kasich of Brunswick street, spent a pleasant evening, Thursday of last week, at the home of Miss Greene's mother, Mrs. J. De Perrio, at her home on Twenty-eighth avenue, San Francisco.

Mr. and Mrs. L. Jost of Ninety-first street are enjoying the use of their new sedan, purchased the early part of this week.

Misses Alma and Betty Camenzind of Bryant street enjoyed a delightful week end as guests at the Champi ranch in Vallemar. Horse back riding and hiking were enjoyed.

The Misses Marjorie Fuchs and Ruth Greene spent a pleasant afternoon, Tuesday of this week, at the home of Mrs. T. Harrison on Briggs street, who is improving from her recent long illness.

Find Employment For 12,639 Here

During the past four years since its inception, the National Re-employment Service of San Mateo County found employment for 12,639 persons on federal, private and public work projects.

This was revealed in the report for the period this week by the acting manager for the county and his advisory council.

The placements represent more than two-thirds of the 18,799 new applications received. The report shows that 5556 persons were placed in private employment; 1004 to the CWA, which closed in April, 1934; 1346 to the WPA, which now makes its own assignments, and 4733 to public work programs.

Cost of the employment work for the entire period was $24,638.06, of which the federal government put up $15,952.30 and the county and other sources contributed the remainder. At the present time there are five members of the staff, all paid by the federal government.

In his report, the manager pointed out that the employment service "cannot create jobs for the jobless," but aids by bringing together "the jobless men and the manless job."

Fire District Fate Will Be Decided

A public hearing for all residents interested in the retention of the newly formed Colma Fire District will be held, Wednesday afternoon of next week, at two o'clock, when the County Board of Supervisors meet at the court house in Redwood City to consider passage of a petition on file to dissolve the district.

All residents interested should plan to attend.

Pennies That Count

It isn't very often that a man rummages through his discarded suit and finds a forgotten ten dollar bill in the watch pocket, but when that does happen it's a grand and glorious feeling. Thousands of people in the San Francisco Bay region have that very feeling this week, as the result of a petition placed on file with the State Railroad Commission. The automobile ferries which ply across the Bay ask permission to reduce their one way rates from 50 cents to 30 cents, their roundtrip fare from a dollar to half that much. If approved, this will mean that the man who counts his pennies (as who doesn't these days?) will have a choice between the 50 cent bridge fares and the cheaper ferries. Usually it is the Commission which moves for rate reductions, but this time the lowered fares are offered by the ferries. Thousands of transbay travelers will welcome the saving.

SPARK PLUG GAPS

Set spark plug gaps according to factory instructions.

When the engine misses while idling or at light loads the gaps are probably too close and should be set wider. Missing at high speed or under heavy load indicates that the gaps may be too wide.

Notice Of Sheriff's Sale

DRAMA DEPICTS IMAGINATION IN CRIMINAL GROUP

"Blind Alley" Huge Success In Los Angeles And Hollywood

That crooks have a low mentality has long been the premise of students of criminology, but that they also have active imaginations is the basis of the play, "Blind Alley," now at the Alcazar Theater.

In this thrilling drama, by James Warwick, the mind of a fugitive killer is so stimulated by the clever psycho-analysis of a college professor, in whose home the killer and his moll take refuge, that the crook is brought to a justice of his own devising.

ENTERTAINING

"Blind Alley" is deeply entertaining and holds its audiences, as its success in Los Angeles and Hollywood attests. The comedy arising from the difference in the language of the crook and the professor, the remarks of the small son of the household and the Irish scullion keep the drama from too realistic an interpretation.

Gordon Wickland, as Dr. Shelby; Martina Pawley, as his wife; Pierce Lyden, as the principal gangster; little Marvin Lee Dubin, as the child; and others, Arthur Gardner, Frances Hall, Ethel Soule, Margot Duse, Dick Rich, Clifford Ainsley and Frank DuFranc, all turn in a superb performance.

The Federal Theater Project is adopting a new policy of presenting a Sunday evening performance instead of the Saturday matinee for the current showing of "Blind Alley." The play will close Saturday evening, June 26.

SKIERS AT LASSEN

Lassen National Park beckons to the skiing enthusiast who longs for his favorite sport in midsummer, reports the outing department of the National Automobile Club. On July 4, the annual summer tournament of the Mt. Lassen Ski Club is to be held at the summit of the Loop highway at an elevation of 8,512 feet. This event draws skiers from all over California and neighboring states.

Are Leaving For Trip To Europe

Mrs. Josephine Puccini of Mission street, Mrs. Anastasia Guisti of South Park avenue and Mrs. Seconda Cardenti of Faralone street, San Francisco, are leaving, Monday of next week, for New York to sail on the steamship Rex for Europe.

Mr. Puccini will leave July 7 for New York to sail on the Rex at her next departure, meeting Mrs. Puccini in Italy.

The group expect to be away four months. Most of their time will be spent visiting relatives in Italy.

Surprise Party Given For Anniversary

Mr. and Mrs. J. Pearlman of Miriam street were guests of honor at a surprise party given, Wednesday evening of last week, by their son-in-law and daughter, Mr. and Mrs. M. Kanter, in the social hall, 67 Los Banos avenue.

The party was given in honor of their fortieth wedding anniversary.

A midnight supper was served to 60 guests following an evening of cards and dancing.

Mr. and Mrs. Pearlman, who received many lovely gifts, have made their home on Miriam street for the past 30 years.

Legion To Elect Officers, Delegates

Daly City Post 410, American Legion, will hold its final nomination and election of officers, district delegates and delegates to the Department convention, Wednesday evening of next week, at their hall, 474 San Diego avenue. The following Wednesday evening will be held an initiation of new members at the same hall, at which time the Legion Auxiliary, Sons of the Legion and juniors are invited to attend. Refreshments will be served.

MEMBERSHIP

July 9, 1937, is the dead line for attaining the 1937 membership quota. It is hoped that the few remaining 1936 members not in for 1937 will be on the membership list by midnight of July 9.

To Establish Coast Guard Rescue Base

The path stood cleared this week for establishment of a $600,000 Coast Guard rescue station at Mills' Field airport in San Mateo County.

The last obstacle in the way of the station was removed late Tuesday of this week as President Roosevelt signed the bill authorizing construction of the air rescue base.

Three or four patrol planes will be maintained at the new station and will be available for emergency rescue work anywhere in San Francisco bay, along the coast, or anywhere else that valiant Coast Guard fliers can pilot their planes.

Similar stations have already been established at San Diego and Los Angeles and have already resulted in the saving of many lives.

Need of such a station in the bay region was brought vividly to the public gaze in the February Mills Field plane crash that brought death by drowning to 11 persons within a mile or so of land, persons who might have been rescued had the rescue base existed at that time.

Entertain Mothers With Program, Tea

Mothers of eighth grade students of Jefferson Elementary School and officers of the Colma Parent Teacher Association were honored at a program and tea, Friday afternoon of last week, in the Jefferson library. The affair was planned by the eighth grade pupils and their teacher, Miss Marie H. Traynor.

The reception committee included Frances Demattei, Margaret Berardy, Angelina Armanino and Eleanor Boschi. Dominica Accinelli and Vera Claus, as flower girls, presented a lovely corsage to each visiting mother.

PROGRAM

The program had been especially planned to indicate the function and method of modern education. Students who participated were: Margaret Berardy, Ralph Matteucci, Lillian Tosetti, Claudia Bertini, Richard Bocci, Vera Claus, Jessie Brown, Dominica Accinelli, Frank Studendeorff, Billy Coon, Diva Lucchesi, Elsie Olcese, Josephine Caserza, John Domecus, Ralph Matteucci, Margaret Berardy, Lorraine Lavagnino, Ralph Shinazy, Angelo Cortopassi and Raymond Garibaldi.

At the close of the program refreshments were served the following guests: Mesdames Bertini, Tosetti, Pinochi, Brown, Wieland, Caserza, Merlo, Olcese, Bocci, Matteucci, Lucchesi, Garibaldi, Remington, Zanetti, Demattei, Scramaglia, Benedetti, Sturla and Logomarsino.
